Performance Rating System

BLANK = Intern did not perform this task on the call

- 1.** Did not properly perform task or skill. Critical or major steps were missed. Task or skill was re-performed by another crew member. A field improvement discussion form must be completed.
- 2.** Performed skill or task with detailed direction. Task or skill was performed with minor errors in technique that had no impact on patient care. (This is typical of a new EMT without field experience.)
- 3.** Performed skill or task with minimal direction. Needs more practice to build confidence. (This is typical of an EMT with limited field experience)
- 4.** Performed skill or task correctly and with confidence. (This is typical of an EMT who has field experience)
- 5.** Performed skill or task exceptionally well demonstrating critical thinking, high confidence or leadership. (This is typical of an experienced EMT)
