

Audley Scholarship Policy

Purpose: To define our long standing scholarship program.

WVEMS has a scholarship program for eligible persons. All voting members of Westport Volunteer EMS and their close family members such as spouses, children and grandchildren may apply for a scholarship if they are pursuing a career in the emergency medical or a related medical field.

1. Applications for a scholarship are in the Crew Chiefs' office in the scholarship mailbox or e-mail Jay Paretzky ctemt80@frontier.com and request an application online.
2. The deadline for applications is May 1.
3. A scholarship committee will be formed early in the year by at least 3 voting members to review the applications and make recommendations to the BOD for final approval.
4. The BOD has the final say and discretion for the awards.
5. All scholarships will be paid to the applicant's school and not directly to the applicant. Checks are presented at the WVEMS general membership meeting in June.
