

WVEMS Garment Loaner Policy

Purpose: To state the standing policies regarding loaner garments supplied by WVEMS for the member's use.

All loaned garments are the property of WVEMS and members will make every effort to keep them clean and undamaged.

Intern Shirts

1. A limited number of intern shirts are available for use until a member obtains their own shirt.
2. Shirts can be obtained from any BOD member or from any crew chief.
3. All shirts are to be logged out and the member will be required to leave a \$100 check as collateral. The collateral is refundable once the shirt is returned clean and in good order.

On Duty Jackets

1. On duty jackets are required for all members to have on any call for safety reasons. Our jackets are OSHA approved for reflectivity which is crucial when going on calls involving busy streets or highways.
2. There is a collection of jackets in the hall by the crew chiefs office. It is expected that each member has a jacket in their possession on any call they go on.
3. Members can borrow any of the jackets in the hall for the duration of their shift.
4. Members are expected to return the jackets to the hallway and hang them up on the rack at the end of their shift.
5. If a member starts participating in regular shifts, they can ask to be assigned a jacket permanently by either the Deputy Director or the President.
6. If a member is granted a jacket, the member is expected to return it in good condition.
